

December 21, 2005

ADDENDUM NO. 1 TO ALL OFFERORS:

Reference – Invitation to Bid: ITB # 05-11-07 dated November 23, 2005

Description: Truck Chassis Mounted 300 Gallon Air Atomizing Application
Striping Unit

For Delivery to: Purchasing Division, City of Roanoke, Virginia

This Addendum changes, modifies, and/or makes an addition to the above ITB and becomes a part of such ITB. (Bid response date remains unchanged)

In the Specifications for the Striping Unit:

1. Section 6, page 9: Guns manufactured by Kelley Creswell Company (Nautilus) are an acceptable substitute.
2. Section 6, page 10: An equal glass gun is acceptable provide that it too would have a sensor similar to the Kamber model that lets the operator know when the spray gun fails.
3. Section 9, page 13: An equal sight is acceptable as long as it would be portable and could be wired to the truck for power and not use batteries.
4. Section 12, page 16: the Skipline MS-5 will be acceptable as a substitute.
5. Section 7, page 11: Substitutes are acceptable. Technical literature must be submitted with the bid for evaluation.
6. Section 8, page 12: A four cylinder engine is acceptable in lieu of three.
7. Section 8, page 12: The City has requested a double canister filter air dryer combination and also requires it to be the largest size for the CFM rating of the compressor.

Note: A signed acknowledgment of this addendum is requested to be received at the location indicated on the RFP either prior to the proposal due date and hour or attached to Offeror's proposal. Signature on this addendum does not substitute for your signature on the original proposal document. The original proposal document must be signed by an authorized agent of Offeror.

Very truly yours,

Sharon Twine-Gentry CPPB, VCO, A.P.P.
